

A white Philips PicoPix projector sits on a dark, textured desk. A hand is shown touching the top of the device. The background is a blurred office setting with a laptop and a plant.

PHILIPS

PicoPix

Project your life

PicoPix pocket projector

PPX4835 is a powerful 350 lumens pocket projector with a 720p HD resolution for crystal clear pictures and high contrast. The HDMI/MHL interface enables you to connect the device of your choice like notebooks, tablets, smartphones and other mobile devices. Thanks to the possibility of a 150" (381 cm) screen size it has never been so easy to do business presentations. No matter where you are, the internal battery and the keystone correction will give you the flexibility you deserve. Not enough, with the integrated powerbank function you can also charge your mobile devices and enjoy full independency. Philips PicoPix – project your life!

Excellent image Quality

- SmartEngine 720p HD resolution with LED technology for brilliant colors and high contrast
